Holmes MEDICAL MUSEUM

Baldwin County's first hospital

The Holmes Medical Museum is housed in Baldwin County's first hospital, which served the South Baldwin area from 1936 – 1958. Take the self-guided tour and step back in time to view the Sibley Holmes Memorial Hospital as it would have been 75 years ago. The museum includes extensive displays of medical equipment and patient rooms as they would have been in the 1930's and 40's.
